

An Introduction to The Excel Structured Cabling System

excel
without compromise.

The demands of today's business environment mean we increasingly rely upon the instant supply and availability of information from both colleagues and the outside world.

A well designed, correctly installed, standards-compliant structured cabling system, backed by a comprehensive warranty programme, is the best way of protecting your investment and allowing for future needs.

Excel is a world-class premium performance end-to-end infrastructure solution - designed, manufactured, supported and delivered - without compromise.

Excel offers one of the market's most comprehensive ranges of passive cabling products designed to suit installations in data centre, enterprise, campus, and manufacturing environments, including:

- Category 5e U/UTP and F/UTP
- Category 6 U/UTP and F/UTP
- Category 6_A F/FTP, U/FTP and U/UTP
- Category 7_A S/FTP
- Pre-terminated copper and optical fibre systems
- Multi and Singlemode optical fibre systems
- MTP high density optical fibre systems
- Blown optical fibre systems
- Voice cabling and accessories
- Environ Wall and Floor Standing Racks
- Environ 2 Post Frames
- Environ SR Server Racks
- Intelligent & standard power distribution units

With an emphasis on compatibility and standards compliance 'from cable to rack', reliability and product availability, Excel is the complete trusted solution. Since the brand was launched to the UK market in 1997, Excel has enjoyed formidable growth and is sold in over 70 countries.

The Excel System Warranty provides a 25-year product and applications assurance of compliance with the industry performance standard appropriate to the class of cabling system installed. The Excel System Warranty is only available when the said system is designed, supplied and installed by an accredited Excel Partner.
